Examiner's Statement of Reasons for Allowance

1. Claims 1-7, 9-15, and 17-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor suggests in combination with the other limitations of the independent claims an apparatus for heating a semiconductor substrate comprising a heatable member positioned in a chamber in an optical path with a window wherein the substrate is disposed on the heatable member and the heatable member is heated by focused radiation energy, and a method for processing a semiconductor substrate comprising causing concentrated energy to enter the chamber through a window to change the temperature of a substrate disposed in the interior of the chamber by causing the concentrated radiation energy to impinge on a heat absorbing member upon which the substrate is positioned to heat the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
